

Dedicated to your Organization's Success

Who we are

Established in 2012, Tadreeb Training and Consultancy is a leading provider of industrial training, consulting, competency development solutions, web-based knowledge and virtual learning systems for the oil and gas and other industries. Our mission is to provide highly specialized technical training for the oil & gas, process, power, and petrochemical industries, delivered by subject matter experts who are competent in providing solutions relevant to the region and applicable to today's business challenges.

With a focus on excellence and innovation, we offer a diverse range of customized training programs, leadership coaching, strategic planning, team-building exercises, and more. Our courses, seminars, and workshops feature a balanced fusion of theory, practical application, and best industry practice. We bring together the world's most brilliant engineers and highly experienced specialists, employing 300 instructors and organizing over 200 training courses per year in various locations around the globe.

Our instructors are authorities in their fields, with numerous registered patents and inventions, and our courses reflect the latest technologies, brilliantly oriented to practical and real-life approaches. We take pride in our track record and long-standing relationships with our clients, providing them with innovative and diversified training courses and consulting services tailored to their unique needs.

We offer a wide range of standard and custom-made trainings to various sectors, including oil and gas, government, manufacturing, finance, information technology, construction and engineering, among others. Our tailored trainings help specialists from different organizations stay up-to-date with the latest market trends and use advanced business management methods in their work.

At Tadreeb Training and Consultancy, we believe that learning is a lifelong pursuit and are passionate about helping our clients achieve their goals through education and training. With a focus on results and a commitment to excellence, we are the partner of choice for all your training and consulting needs.

Vision

- ▶ Our vision is to establish ourselves as a premier training and consultancy company in the Middle East, specializing in the oil & gas, process, power, and petrochemical industries. Our goal is to become a recognized leader in providing top-notch services to our clients in these sectors.

Mission

- ▶ To provide exceptional training and consulting services that empower individuals and organizations to achieve their full potential. We strive to be the preferred partner of our clients by delivering high-quality, customized solutions that address their unique needs and challenges.
We are committed to continuously improving our services and staying at the forefront of industry trends and best practices. Our team of experienced professionals is dedicated to delivering innovative, practical, and results-oriented solutions that help our clients achieve their goals.
We believe in building long-term relationships with our clients based on trust, integrity, and transparency. We are passionate about helping individuals and organizations unlock their full potential, and we take pride in the impact we make on our clients' success.
Our mission is to provide exceptional training and consulting services that inspire and empower individuals and organizations to achieve greatness.

Core Values

- ▶ **Expertise:** A commitment to deep knowledge and expertise in the areas in which the company offers training and consulting services.
- ▶ **Client focus:** A dedication to understanding and meeting the unique needs of each client, and providing tailored solutions that meet their specific challenges.
- ▶ **Results-driven:** A focus on delivering tangible results for clients, measured through metrics and data-driven evaluations.
- ▶ **Continuous improvement:** A commitment to continually improving the company's own processes, systems, and offerings to stay at the cutting edge of the industry and deliver the best possible outcomes for clients.
- ▶ **Transparency:** A culture of openness and transparency, with clear communication and regular updates for clients and stakeholders.
- ▶ **Respect:** A commitment to treating all clients, employees, and partners with respect and dignity, valuing their perspectives and contributions.
- ▶ **Collaboration:** A recognition that collaboration and teamwork are key to success, and a willingness to work closely with clients, partners, and stakeholders to achieve shared goals.
- ▶ **Integrity:** A commitment to honesty, transparency, and ethical behavior in all aspects of the company's operations, including in the treatment of clients, employees, and partners.

Our Principles

▶ **Long-term cooperation**

Our organization provides customized development plans for professionals across diverse fields. These programs are designed to cater to varying levels of expertise, allowing participants to acquire the necessary skills while considering their career advancement.

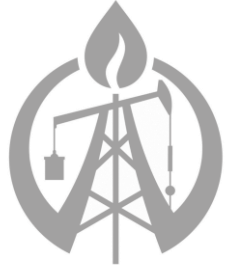

▶ **Experienced Instructors**

Our instructors possess a blend of expertise and academic background, with proficiency in multiple languages and extensive training experience in the MEA region.

▶ **Innovative approach**

The use of contemporary methodologies and strategies during the educational process empowers learners to comprehend and apply innovation theories, frameworks, and techniques in practical situations.

Training Locations

Tadreeb Training and Consulting carefully chooses global venues that offer a conducive and appealing setting for practical training courses. Our selection process involves a thorough assessment of various factors such as safety, accessibility, location, capacity, and availability of suitable accommodation, whether on-site or nearby. We strongly believe that the venues meeting our stringent standards enable our participants to disconnect from their routine responsibilities and fully immerse themselves in their personal and professional growth.

Venue for Our Trainings

Our training services offer flexibility in terms of venue selection, and we are open to accommodating offsite locations preferred by our clients. Nonetheless, we highly recommend that you consider our training suite situated in our office for an optimal training experience.

Our Training Fees

Once you confirm your interest, we would be happy to discuss the matter of fees. Rest assured that our pricing is both competitive and fair, and we are confident that it will align well with your budget.
